BACKYARD PLAYGROUND BUILDING KITS

COPYRIGHT ©1998 DETAILED PLAY SYSTEMS  
ALL RIGHTS RESERVED.

## INTRODUCTION

Thank you for downloading our planning guide and for your interest in Detailed Play Systems!

Detailed Play Systems products deliver superior backyard playground quality and value. The Jungle Fort Swingset is our most popular playground configuration. Our forts, towers, and swing sets are the most solidly designed "Just Add Lumber" Kit backyard playgrounds available and the features of the finished product are comparable to those found in expensive brand name sets. Adding strength and longevity requires more bolting and hardware in our kits, a worthwhile investment especially when investing the time to build. Build once using our products, Jungle Fort play structures should not be expected to ever need replacement.

Please call or visit our website to see our complete line of plan compatible kits, swings, slides, hardware, and accessories for any backyard playground available at [www.detailedplay.com](http://www.detailedplay.com)

Build Memories! Thanks again for your interest in Detailed Play Systems.

## OVERVIEW

A spiral bound hardcopy of the plan book is included with all kit purchases. Main sections to see include: **Site Plans, Table of Contents, Materials List, Lumber Purchase Form, Parts List, Drill Diagrams.**

Our **Parts Processing Checklist** is a one page snapshot of all lumber preparation that is needed prior to bolting/assembly. **Step by Step instructions** and **Assembly Diagrams** are provided in easy to follow Front, Left, Right, Rear View format. Our plans have been carefully laid out and well documented helping to eliminate problems and minimize project time. The plans are easy to follow only basic carpentry skills and tools are required.

- 1) Select Site, Site Plan, Features and Accessories. Our plans contain detailed **Site Plan** options helping to select and optimize playground features and customize play site layout.
- 2) Quote and Purchase Lumber, Kits, Accessories. Use the **Lumber Purchase Form** and our website at [www.detailedplay.com](http://www.detailedplay.com) to shop for materials and accessories that are compatible with our plans.
- 3) Cut lumber to size and label using the **Parts List**. Round corners of specified parts using miter or circular saw, a router is not required. Use **Parts Processing Checklist** as a guide.
- 4) Drill countersink and though holes in parts as specified in **Drill Views**.
- 5) Assemble using **Step by Step Instructions** and **Assembly Diagrams**.
- 6) Apply an appropriate water seal product for wood, install soft playground surfacing for safety.

LUMBER PURCHASE

# Jungle Fort

## Before You Begin

### **HAVE FUN – BUILD MEMORIES**

The Jungle Fort Swingset will provide you, your children, and their friends with many years of safe fun, adventure, and play. The Jungle Fort's solid, distinctive and attractive design; its affordability without sacrificing quality; coupled with Detailed Play Systems' innovative family-oriented project approach to acquiring a professional quality playground, will help to create long term backyard memories and fun for your family. Building a Jungle Fort is a truly rewarding experience. It's a backyard playground that children and parents will take pride in and love to own – you are 'the inventor' in the eyes of the children. You have made an excellent choice in your decision to build a Jungle Fort using this Detailed Plan. We strive to deliver to families not only the initial enjoyment of custom designing features and building a playground together, but a satisfying long term playground ownership experience and a whole lot of fun for the kids. Be sure to supervise and teach your children and their friends about how to play appropriately on all playground equipment. Remember to maintain the safety of your new backyard playground by routinely inspecting and repairing promptly if necessary. Build Memories! Build a Jungle Fort Swingset with Detailed Play Systems.

### **OUR COMMITMENT TO SAFETY AND YOUR RESPONSIBILITY**

Detailed Play Systems is following the standards developed by the CPSC and ASTM (F1148) regarding safe design of home playground equipment to assure that this plan will produce a safe product when manufactured and installed correctly. The builder assumes responsibility for installing this product as specified and for the safety and inspection of the product installation.

**Prior to beginning, the builder should become familiar with the content and methods in the Detailed Plan, and the standards information provided in the *Appendices* relating to site selection and maintenance, surface materials and general guidelines for playground safety. The owners of the Jungle Fort Swingset must be provided with a copy of the information in the *Appendices* and be instructed to follow these standard guidelines.**

### **BUILD YOURSELF OR HIRE A CONTRACTOR**

You must:

- Be at least 18 years of age to build the Jungle Fort.
- Read the plans thoroughly prior to beginning and be confident in your ability to understand the diagrams and follow the instructions.
- Be confident in your ability to perform basic carpentry techniques such as lifting, measuring, cutting, and drilling prior to beginning.
- Own, and be able to safely operate power tools such as miter saw, circular saw, and drill (a powerful cordless drill with keyless chuck will save a lot of time on this project). Follow the tool manufacturer's operation and safety instructions. Use of safety glasses and dust mask are recommended for cutting and drilling lumber.
- Be able to lift heavy objects such as 12 foot 2x8's.
- Select lumber that is suitable for outdoor playground use and is available in the dimensions specified on the Lumber Purchase Form. Inquire at local lumber supply and visit our website for more information about lumber selection options and to learn which lumbers are commonly used in your area for wooden playground construction.
- Assemble the Jungle Fort using galvanized hardware at specified dimensions and locations.
- Choose to hire a professional contractor if you unsure about these or any other instructions.

# Installation Site, Site Plan, and Build Options

(Choose the installation site using all five of these considerations for playground location)

1. **LEVEL:** The installation site must be leveled prior to beginning this project.
2. **FIRM SURFACE, NOT HARD:** The installation site must not be over concrete, asphalt, packed earth, or any other hard surface. After playground is installed, install shock absorbent loose fill surfacing to cover the “use-zone” area outlined on Site Plan, see Appendices A-E.
3. **UNOBSTRUCTED:** Your installation site must be not less than 6 ft. from any structure or obstruction such as a fence, garage, house, tree branches, laundry lines, electrical wires.
4. **ANCHORED:** You should anchor this structure to the ground using wooden stakes, *pg 25*.
5. **VIEWABLE FROM “KITCHEN WINDOW”:** Make ongoing supervision more convenient.

Refer to **Site Plan** for site plan configurations. Choose a site plan and the build options you would like, measure the use zone, fort, and anchor locations at the site making sure to allow for at least 6ft. of unobstructed area around the play structure. Test if your site is level and correct any overall grading problems as necessary. You may use actual wood or string, stakes, and a line level to simulate the base of the Fort near the ground. To achieve design stability, the base parts of the Fort must be level.

## BUILD OPTIONS

The following build options, and all combinations, are possible. Make sure the build option(s) you select will work with your site plan selection.

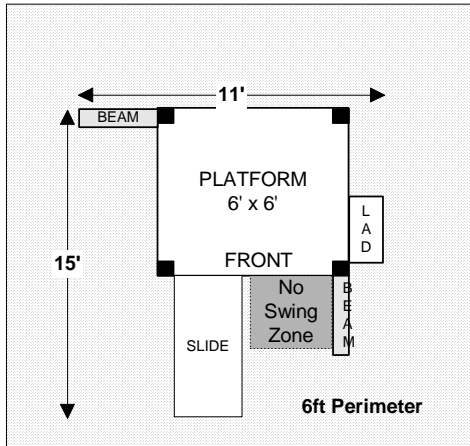

JUNGLE FORT PLAYGROUNDS - BUILD OPTIONS
Jungle Fort (6x6x5'DH), Inclined Step Ladder
Sandbox (6x6x8" deep) / Gangplank Ramp - Climber
Monkey Bars / Rock Wall / Picnic Table
Jungle Fort Swingset – 8'H x 8-12-16'L Swingset (Attached to Fort)
Jungle Fort Tower (4x6x7'DH) and/or Jungle Fort Campus
-----
Jungle Swingset - 8-9-10'H Swingset (Standalone)
Slide Platform, 3x5x5'DH (Attached to 10'H Jungle Swingset)
Slide Platform, Rock Wall / Sliding Pole / Monkey Bars

## PLAN SUITABLE ACCESSORIES

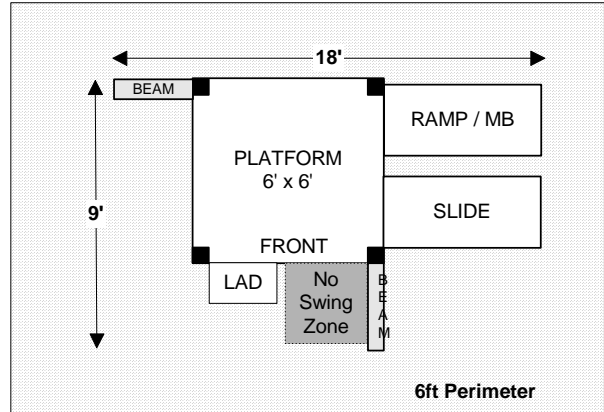

This product is intended for children ages 5-12, but younger children can play too if provided with close supervision and parental assistance. Be sure to consider your child's age and physical abilities before installing the more challenging accessories. Plan to change the accessories over time to help keep the play age-appropriate. Refer to the **Accessory Plan** for further information on accessories and locating the accessories on beams.

**Jungle Fort® Swingset Tower** [ Add lumber for options (1-10), per customer Site Plans

**1- JUNGLE FORT® (Ladder/Sandbox)**  
Treated Pine / (WPL Option)  
 Least expensive & strongest option, treated & sealed.

4 x 4 x 8' (10' for MegaTop)	(4)	
2 x 8 x 12'	(2)	
2 x 6 x 12'	(8)	
2 x 4 x 12'	(12)	or (4) Pine / (8) WPL
5/4 x 6 x 12' **	(6)	or (0) Pine / (6) WPL
2 x 2 x 8'	(2)	
2 x 4 x 12'		<b>Add (3) for MegaTop</b>

WPL – Wood Polymer Lumber - Composite decking, optional upgrade. For non-structural parts only.

**2- GANGPLANK RAMP**

2 x 6 x 12'	(2)	
2 x 4 x 12'	(2)	
5/4 x 6 x 12' **	(3)	
2 x 2 x 8'	(5)	

**3- MONKEY BARS**

4 x 4 x 8'	(5)	Fort -or- (4) Slide Plat.
2 x 4 x 12'	(2)	

**4- ROCK WALL**

2 x 4 x 12'	(3)	
5/4 x 6 x 12'	(5)	(8' Fort) -or-
	(7)	(5' / 8' Fort Combo) -or-
5/4 x 6 x 10'	(6)	(5' Fort/Slide Plat.) -or-
	(8)	(7', Tower)

**5- TOWER**

4 x 4 x 12'	(4)	
2 x 8 x 12'	(2)	
2 x 6 x 12'	(5)	
2 x 4 x 12'	(11)	or (5) Pine / (6) WPL
5/4 x 6 x 12' **	(4)	or (0) Pine / (4) WPL

\* if Pine is not available, select lumber in use locally for outdoor playgrounds (eg. cedar, redwood)  
 \*\* use 2x6x12' if 5/4x6x12' is not available.

**6- SWINGSET 8'H, 8-16'L Attached to Fort**  
 (One A-Frame & Swing Beam)

4 x 4 x 10'	(4)	
2 x 4 x 12'	(1)	
4 x 6 x 12' (8' or 16')	(1)	

(2nd A-Frame – adds separate Tire Swing bay)

4 x 4 x 10'	(+3)	
-------------	------	--

**7- SLIDES** (Models that require lumber)

2 x 4 x 8'	(2)	(10 FT SCOOP)
2 x 4 x 12'	(2)	(14 FT SCOOP)
2 x 6 x 12'	(1)	(TURBO)

**8- PICNIC TABLE**

2 x 6 x 12'	(3)	or (1) Pine / (2) WPL
5/4 x 6 x 12' **	(3)	or (0) Pine / (3) WPL
2 x 4 x 12'	(1)	
2 x 4 x 8'	(2)	

**9- SWINGSET 8-10'H, 12'L Standalone**

8' High:	4 x 4 x 10'	(7) -or-	or attach to
9' High:	4 x 4 x 12'	(4)	Fort/Tower
	4 x 4 x 10' +	(3) -or-	
10' High:	4 x 4 x 12'	(7)	Temp. Bracing:
All Heights:	4 x 6 x 12'	(1)	2x4x12' (1)

**10- SLIDE PLATFORM Add to Standalone 10'H Swingset**

4x4x12'	(3)	
2x6x12'	(3)	
2x4x12'	(4)	

\* Treated Pine is strong economical lumber suited for outdoor use. WPL is a low maintenance durable splinter free option for playset decks. Pine, Cedar, Redwood, Douglas Fir, and WPL may be used. Do not use 'soft' lumber for swing beam. For further lumber info, click on the green "Detailed Lumber Guide" graphic on the Plans page of our web. Clean, water seal annual or as required.

**TOTAL: (Add items 1 - 10)**

*Use this form to quote or purchase lumber at your local lumber supply.*

# Jungle Fort – Materials List

**Note: Lumber Purchase Form has lumber list for ALL playground options.**

## FORT Lumber

### Use ALL Treated Pine

(optionally: Cedar, Redwood, Douglas Fir)

	Ladder Only	Ramp	Rock	Mega
4x4x8' (10' Mega)	(4)			
2x8x12'	(2)			
2x6x12'	(8)	(+2)		
2x4x12'	(12)	(+2)	(+3)	(+3)
5/4x6x12'	(6)	(+3)	(+5)	
2x2x8'	(2)	(+5)		

- OR -

### Use MIX of Pine / Wood-Polymer (WPL)

(low maintenance durable splinter free option)

Pine	Ladder Only	Ramp	Rock	Mega
4x4x8' (10' Mega)	(4)			
2x8x12'	(2)			
2x6x12'	(8)	(+2)		
2x4x12'	(6)	(+2)	(+3)	(+3)
5/4x6x12'	(0)	(+3)	(+5)	
2x2x8'	(2)	(+5)		

### WPL

5/4x6x12'	(6)
2x4	88 linear ft.

These are the building materials, tools, hardware, and accessories you will need to complete the Jungle Fort project. The Treated Pine is used for structural components. Wood-polymer lumber can be used for the floor and walls of the Fort where skin contact occurs most. Use strong and durable lumber.

## Jungle Fort Kit - Hardware

 time!

## Jungle Fort Swingset – Materials List

(Swingset attached to Jungle Fort - 8' beam height, 8'-12'-16'L, 2-4 positions)

### SWINGSET Lumber

#### Treated Pine

4x4x10' (4)

2x4x12' (1)

4x6x12' (16' or 8') (1)

**-or-**

2x6x12' (16' or 8') (2)

**Note:** Use of Treated Pine 4x6 is recommended for maximum strength swing beam.

### Jungle Fort Swingset Kit - Hardware includes Jungle Fort Kit Hardware, plus:

- (6) 1/2"x5" Hot Dipped Galv. Carriage Bolts
- (6) 1/2"x7" Hot Dipped Galv. Carriage Bolts
- (3) 1/2"x 11" Hot Dipped Galv Carriage Bolts
- (15) 1/2" HDG Washer, Lock Washer, & Nuts
- (18) 3/8"x5" HDG Lag Screws
- (12) 3/8"x2 1/2" HDG Lag Screws
- (6) 6" HDG Swing Hangers w/ Bolt, Washer, Lock Nut  
(Optional: Ductile Iron or Composite Steel Hangers)

### Swingset Accessories

Swings, Trapeze with Rings, Climbing Rope

Visit <http://detailedplay.com/Swingsets.htm>

## Jungle Fort Tower – Materials List

(7' deck height 4'x6'Tower attached to Jungle Fort)

### TOWER Lumber

#### Use ALL Treated Pine

4x4x12' (4)

2x8x12' (2)

2x6x12' (5) (+1 for Turbo Slide)

2x4x12' (11)

5/4x6x12' \* (4)

**- OR -**

#### Use MIX of Pine / Wood-Polymer (WPL)

(low maintenance durable splinter free option)

#### **Pine**

4x4x12' (4)

2x8x12' (2)

2x6x12' (5) (+1 for Turbo Slide)

2x4x12' (5)

#### **WPL**

5/4x6x12' (4)

2x4x12' (6)

These are the building materials, tools, hardware, and accessories that you will need to complete the Jungle Fort Tower project. The treated pine used in the project is for structural components. Wood-polymer lumber can be used for the floor and walls where skin contact occurs most. Use strong and durable lumber.

### Jungle Fort Tower Kit - Hardware

- (50) 3/8"x5" Hot Dipped Galv. Carriage Bolts
- (7) 3/8"x3" Hot Dipped Galv. Carriage Bolts
- (60) 3/8" HDG Washer, Lock Washer & Nuts
- (4) 2"x6" HDG Joist Hangers
- (2) 3" x 2" HDG Galv. Corner Braces
- (10) 3/8"x5"HDG Lag Screws
- (16) 3/8"x2 1/2"HDG Lag Screws
- (300) 2 1/2" HDG Drywall Decking Screws
- (50) HDG Joist Hanger Nails

Visit <http://detailedplay.com/JungleFortTower.htm>

### Tower Accessories

- 59" x 68" Vinyl Roof Top (1)
- Handgrips (1"-dia. x 10" / slide & ladder) (4)
- 14' straight Slide or Turbo Slide (84" platform)

# Jungle Swingset Slide - Materials Lists

(Standalone Swingset with optional Slide Platform addition,  
8'-9'-10' beam height, 12'L, 3 positions)

## Building Materials

### Treated Pine

#### (2) A-Frames (4x4)

Beam	4x4	Quantity
Height	length	
<b>8FT</b>	4x4x10'	(7)
<b>9FT</b>	4x4x12'	(4)
	4x4x10'	(3)
<b>10FT</b>	4x4x12'	(7)

#### Swing Beam (4x6)

4x6x12' (1)

**-or-**

2x6x12' (2)

#### Temporary Brace (2x4)

2x4x12' (1)

#### ADD for Slide Platform:

(+1 10ft 'A') 4x4x12' (3)

2x6x12' (2)

2x6x8' (1)

2x4x12' (4)

**Note:** Use of Treated Pine 4x6 is recommended for maximum strength swing beam.

## Hardware

### Swingset

7" x 1/2" Galv. Carriage Bolt	(16)
11" x 1/2" Galv. Carriage Bolt	(2)
1/2" Galv. Washer, Lock Washer, & Nut	(18)
5" x 3/8" Galv. Lag Screws	(16)
2 1/2" x 3/8" Galv. Lag Screws	(8)
3/8" Galv. Flat Washer	(24)
2 1/2" Galv. Drywall Decking Screws	(15)

## Terms & Conditions of Sale

- Motor:** Customer authorizes DPS to hire freight company on customer's behalf when order contains any slide or playground mulch.
- Freight:** Sale is F.O.B. (Freight on Board). Title to goods transfers to customer when loaded onto truck at seller's facilities. For curbside unload, customer must inspect and document condition of goods on freight slip/Bill of Lading at time of delivery.
- Application:** These products are intended for use in a residential playground setting.
- License:** Purchase of Detailed Plans herein grants customer a single license for personal, non-business use. Contact DPS for resale installation.
- Liability:** Detailed Play Systems shall not be liable for incidental, indirect, special or consequential damages incurred from the build or use of the plans or products herein. In no event will Detailed Play Systems be liable for damages beyond the invoiced price.
- Warranty:** Our products are warranted against defects in material and workmanship resulting from normal use for a period of one year from date of delivery. All other warranties, expressed or implied, are hereby excluded.
- Returns:** Contact Detailed Play Systems within 30 days of delivery to request a Return Merchandise Authorization (RMA) for a full refund. Refunds will exclude the costs and expenses incurred by Detailed Play Systems for shipping and handling.
- I understand and agree to these TERMS & CONDITIONS OF SALE:
